of Correction

Dear Patent Agent,

I respectfully apologize for not including the patent application number. Here are the original sheets I was sent on May 24, 2004. Enclosed is a copy of the receipt I received from the PTO. I am hoping this is what you need. The patent has not been issued yet. The correction involves the placement of "fire ignites here" on the block diagram. I believe I placed the phrase in the wrong location on the original patent application. You will find three drawings of the block diagram with the "fire ignites here" in the proper location. I hope this is the acceptable way to remedy this problem. If not, please contact me at your convenience.
